& performance
proven over
20 years!*

D10 SERIES

GENERAL FEATURES

CABINET

Combining stylish design and durability, the “cloud white” cabinets are a combination of high impact ABS plastics and powder painted steel. All surfaces are easy to clean and provide superior resistance to UV light.

FAUCETS

Made from durable polypropylene, these self-closing faucets are hygienic and easy to operate. The D10CH (Hot & Cold unit) also features a child resistant hot tap and all faucets on the D10 Series coolers come with the added reassurance of NSF18 approval.

DRIP TRAY

The removable drip tray is durable and dishwasher safe.

COLD WATER RESERVOIR

Constructed of hygienic 304 stainless steel the tank holds 2.3 litres of water.

COLD THERMOSTAT

Temperature is accurately controlled from 5-10 degrees Celsius with an adjustable thermostat.

REFRIGERATION UNIT

The system utilises almost silent, convection cooled (static) condenser, with an externally wound evaporator coil and hermetically sealed compressor.

HOT WATER TANK

Manufactured from 304 stainless steel and containing a highly efficient internal heating element, the hot tank is activated with the isolating switch at the rear of the unit. (D10CH only).

HOT WATER THERMOSTAT

Hot water temperature is controlled to approximately 85 degrees Celsius with an automatic thermostat.

ELECTRICAL

D10 units come complete with a 1.5 Metre power cord suitable for any 220V 50Hz 1Ph general power outlet.

POWER STATUS DISPLAY

Located on the front of the D10 series coolers, these LED indicators will show when power is being supplied to each of the coolers systems

WARRANTY

The D10 Series water coolers are covered by the Waterworks 36 Month Comprehensive Warranty, providing protection for both parts and labour for a period of 36 months.

CONTAINER LOADING QUANTITY

20' container: 270 units 40': container: 558 units.

QUALITY

As with all Waterworks products, the D10 series water coolers are manufactured to the highest quality standards. Their reliability and innovation, make them the leaders in the Australian and New Zealand water treatment industries.
